

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

Claims 1-9 (canceled).

10. (previously presented): A glucopyranosyloxypyrazole derivative represented by the general formula:

wherein R¹ represents a hydrogen atom or a lower alkyl group; one of Q¹ and T¹ represents a group represented by the formula:

while the other represents a lower alkyl group or a halo(lower alkyl) group; R² represents a hydrogen atom, a lower alkyl group, a lower alkoxy group, a lower alkylthio group, a halo(lower alkyl) group or a halogen atom, or a pharmaceutically acceptable salt thereof.

11. (previously presented): A glucopyranosyloxypyrazole derivative as claimed in claim 10, represented by the general formula:

PRELIMINARY AMENDMENT
U.S. Appln. No. 10/759,138

wherein R¹¹ represents a hydrogen atom or a straight-chained or branched alkyl group having 1 to 3 carbon atoms; one of Q¹¹ and T¹¹ represents a group represented by the formula:

while the other represents a straight-chained or branched alkyl group having 1 to 3 carbon atoms; and R²¹ represents a straight-chained or branched alkyl group having 1 to 4 carbon atoms, a straight-chained or branched alkoxy group having 1 to 3 carbon atoms or a straight-chained or branched alkylthio group having 1 to 3 carbon atoms, or a pharmaceutically acceptable salt thereof.

12. (previously presented): A glucopyranosyloxypyrazole derivative as claimed in claim 10, represented by the general formula:

wherein R¹² represents a hydrogen atom, an ethyl group, a propyl group or an isopropyl group; one of Q¹² and T¹² represents a group represented by the formula:

while the other represents a methyl group; and R^{22} represents an ethyl group, an ethoxy group, an isopropoxy group or a methylthio group, or a pharmaceutically acceptable salt thereof.

13. (previously presented): A pharmaceutical composition comprising as an active ingredient a glucopyranosyloxypyrazole derivative as claimed in claim 10, or a pharmaceutically acceptable salt thereof.

14. (previously presented): A pharmaceutical composition as claimed in claim 13 wherein the composition is a human SGLT2 inhibitor.

15. (previously presented): A glucopyranosyloxypyrazole derivative represented by the general formula:

wherein R^1 represents a hydrogen atom or a lower alkyl group; one of Q^2 and T^2 represents a 2,3,4,6-tetra-*O*-acetyl- β -D-glucopyranosyloxy group, while the other represents a lower alkyl group or a halo(lower alkyl) group; and R^2 represents a hydrogen atom, a lower alkyl group, a

lower alkoxy group, a lower alkylthio group, a halo(lower alkyl) group or a halogen atom, or a salt thereof.

16. (previously presented): A benzylpyrazole derivative represented by the general formula:

wherein R^{2'} represents a lower alkyl group, a lower alkoxy group, a lower alkylthio group, a halo(lower alkyl) group or a halogen atom; and R^{3'} represents a lower alkyl group, or a salt thereof.

17. (previously presented): A pharmaceutical composition comprising as an active ingredient a glucopyranosyloxypyrazole derivative as claimed in claim 11, or a pharmaceutically acceptable salt thereof.

18. (previously presented): A pharmaceutical composition comprising as an active ingredient a glucopyranosyloxypyrazole derivative as claimed in claim 12, or a pharmaceutically acceptable salt thereof.

19. (currently amended): A method for ~~preventing or treating~~ diabetes in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 10, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or treat~~ diabetes in the subject.

PRELIMINARY AMENDMENT
U.S. Appln. No. 10/759,138

20. (currently amended): A method for ~~preventing or~~ treating diabetes in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 11, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or~~ treat diabetes in the subject.

21. (currently amended): A method for ~~preventing or~~ treating diabetes in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 12, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or~~ treat diabetes in the subject.

22. (currently amended): A method for ~~preventing or~~ treating obesity in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 10, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or~~ treat obesity in the subject.

23. (currently amended): A method for ~~preventing or~~ treating obesity in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 11, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or~~ treat obesity in the subject.

24. (currently amended): A method for ~~preventing or~~ treating obesity in a subject, which comprises administering to the subject an amount of the compound as claimed in claim 12, or a pharmaceutically acceptable salt thereof, effective to ~~prevent or~~ treat obesity in the subject.

25. (previously presented): A method for increasing the amount of urinary glucose excretion in a subject in need thereof, which comprises administering to the subject an amount of the compound as claimed in claim 10, or a pharmaceutically acceptable salt thereof, effective to increase the amount of urinary glucose excretion in the subject.

PRELIMINARY AMENDMENT
U.S. Appln. No. 10/759,138

26. (previously presented): A method for increasing the amount of urinary glucose excretion in a subject in need thereof, which comprises administering to the subject an amount of the compound as claimed in claim 11, or a pharmaceutically acceptable salt thereof, effective to increase the amount of urinary glucose excretion in the subject.

27. (previously presented): A method for increasing the amount of urinary glucose excretion in a subject in need thereof, which comprises administering to the subject an amount of the compound as claimed in claim 12, or a pharmaceutically acceptable salt thereof, effective to increase the amount of urinary glucose excretion in the subject.

28. (previously presented): A method for lowering blood glucose concentration in a subject need thereof, which comprises administering to the subject an amount of the compound as claimed in claim 10, or a pharmaceutically acceptable salt thereof, effective to lower blood glucose concentration in the subject.

29. (previously presented): A method for lowering blood glucose concentration in a subject need thereof, which comprises administering to the subject an amount of the compound as claimed in claim 11, or a pharmaceutically acceptable salt thereof, effective to lower blood glucose concentration in the subject.

30. (previously presented): A method for lowering blood glucose concentration in a subject need thereof, which comprises administering to the subject an amount of the compound

PRELIMINARY AMENDMENT
U.S. Appln. No. 10/759,138

as claimed in claim 12, or a pharmaceutically acceptable salt thereof, effective to lower blood glucose concentration in the subject.
